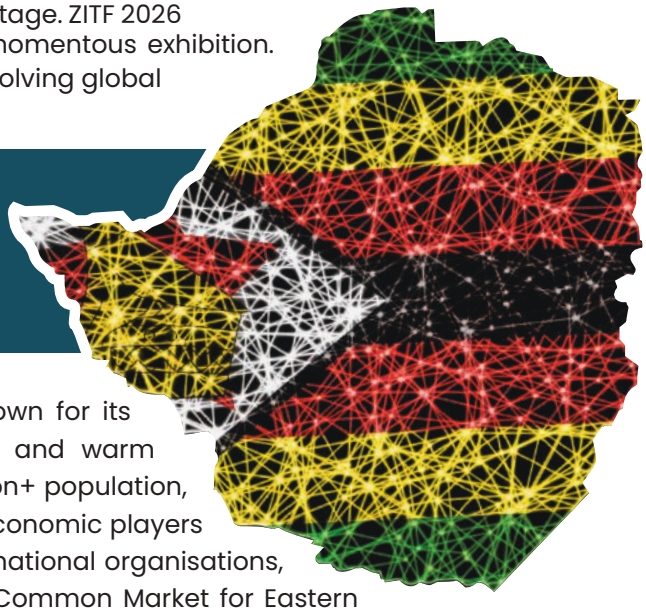
CONNECTED ECONOMIES, COMPETITIVE INDUSTRIES

The 66th edition of the Zimbabwe International Trade Fair (ZITF) convenes under the visionary theme: **Connected Economies, Competitive Industries**. This year, the show promotes partnerships designed to anchor economic vitality and forge high-value connections that define the modern commercial landscape. ZITF 2026 serves as a platform for catalysing innovation, regional trade advancement, and global competitiveness through the showcasing of diverse industries and their contribution to the local, continental and global economy.

ZITF 2026 is the definitive meeting ground for Africa's industrial heavyweights and emerging disruptors. It is more than a simple exhibition, connecting manufacturing breakthroughs and digital shifts directly to global value chains. This is where local ingenuity meets international capital to build scalable, cross-border partnerships that define the next decade of African trade.

Sixty-six years of countless partnerships on one definitive trade stage. ZITF 2026 celebrates a long-standing legacy by delivering yet another momentous exhibition. This is your space to connect, compete, and lead in a rapidly evolving global economy.

ABOUT THE HOST COUNTRY: ZIMBABWE



Zimbabwe is a culturally diverse Southern African country known for its dramatic landscape, diverse wildlife, vast mineral resources and warm people. With a skilled labour force that forms part of the 15 million+ population, and easy access to regional trade routes, it is a prime hub for economic players from across the globe. The country is a member of many international organisations, including the African Development Bank (ADB), African Union, Common Market for Eastern and Southern Africa (COMESA), International Monetary Fund (IMF); Southern African Development Community (SADC); and the United Nations (UN) as well as a party to a number of trade agreements. The country has diversified economy which offers ample opportunities for backward and forward linkages across different sectors that include tourism, mining, agriculture, education, transport and infrastructure development, manufacturing, information, communication and technology among others. But don't just take our word for it, come through and experience Zimbabwe for yourself!
